Leominster: State Representative Natalie Higgins will begin holding her evening office hours this Monday January 23rd from 5:30-7:00PM, at the Leominster Public Library (30 West Street). The evening hours will continue weekly on Monday evenings in the Small Conference Room 204.

Representative Higgins pledged during her campaign to make her office accessible to working families, with early morning and evening hours in the community. “The Leominster Public Library is an incredible resource in our community, and I am happy to partner with its staff to host my evening office hours at the Library,” said Representative Higgins.

Representative Higgins is currently working with local business owners to arrange community office hours on Friday mornings, and will be announcing a schedule later in the week.
