**OLD BUSINESS:**

Mrs. Shelton showed the Trustees the Donor Book for the Library's Expansion and Renovation Project. She thanked Nancy Hicks and Carol Millette for everything they did to complete this project. The Donor Book lists everyone who gave to the library's capital fundraising campaign regardless of the amount donated. This book will be located across from the main circulation desk, and will be put out for public viewing as soon as a method of securing the book has been determined.

Progress is finally being made on getting the new building security and access control server up and running. It took well over a month to order the server's operating software from ASAP, which was recently purchased by Dell. Edward Bergman and Susan Shelton met with the engineers from both Guardian Information Technologies and Simplex Grinnell to answer questions last Friday. Guardian will complete work on the new server this week. Hopefully, Simplex Grinnell will be here next week to install the updated C-Cure software, get everything stable on the new system, and remove the temporary system the library's building security and access control system has been running on for the last several months.

Nancy Hicks, Carol Millette, and Jeanne Zephir will begin working on a project to provide identifying information for all the public art work in the library building.

The library will host a Grant Research and Writing Workshop on Friday, August 19<sup>th</sup> from 9:00 – 3:30. The library currently has 54 people from local and area non-profits registered to attend this two- part workshop. Lunch will be provided.

The library will be participating in the 2<sup>nd</sup> annual Kids' Day on August 27<sup>th</sup> from 2:00 – 5:00 p.m. with the following: back-to-school book mark craft; Friends' children's book sale and a free raffle (prize includes pencils, pencil box and sharpener, two books, and some small items from the summer reading program). The Friends will also be selling children's book bags.

The library will be offering two ALFA programs this fall. Both programs are sponsored by the Friends of the Library and are free of charge to the public. These programs are:
